## Vince's Story

In 1997, when Vince's North Port began, it was just a converted convenience store with 3 employees, 12 tables, and a limited menu. Over the past few years, reinvesting most of the profits and putting in half days (twelve hours is a half day - right!) we have grown to where we are today. Not much resembles our early days except a few staff members, my mom and dad, and our commitment to serve great food to the most wonderful people.

Because of our hard-working staff and you - our loyal customers - our success led to the opening of Vince's South Port in May of 2009. Same great food on the southern side of town.

I cannot express enough my gratitude for the welcoming and generosity of customers, staff and friends, old and new. Thank you for choosing us today. Sit back, relax and enjoy some great Louisiana food and Southern hospitality!
